EDUCATION

University of South Florida

Bachelor of Science in Computer Science

December 2026

GPA: 3.75/4.00

WORK EXPERIENCE

Capital One

June 2026 – August 2026

Software Engineering Intern

McLean, VA

- Modernized the user experience (UX) for **2M+** users by revamping alerting widgets in **Angular** and **TypeScript**
- Enhanced alerting by modifying a **JavaScript** API to surface more detailed, real-time information to users
- Ensured reliability of new features by developing **30+** unit and end-to-end tests in **Jest** and **Playwright**
- Won **1st** of **100+** interns by prototyping a **Python** backend that filters sensitive data from **LLMs**

Chime Financial

May 2025 – August 2025

Software Engineering Intern

Chicago, IL

- Coded features to display customer data using **React** and **Ruby on Rails**, improving usability for **4,000+** agents
- Deployed **5** pages displaying customer enrollment data to support agents, streamlining **6,000+** weekly interactions
- Developed **30+** unit and integration tests in **Jest** and **RSpec** to ensure reliability of newly built pages
- Collaborated cross-functionally with **5+** support agents to refine design from feedback, improving usability

MTW Solutions

June 2022 – March 2025

Software Development Engineer Intern

Kansas City, KS

- Developed full-stack federal grant app (**HTML**, **JS**, **C#**), enabling 200+ schools to claim **\$10M** in extra funding
- Automated notifications with a daily batch job using **C#**, reducing time spent sending alerts by **99%**
- Integrated Sam.gov **REST API** for validation, cutting manual checks by **90%** and boosting compliance
- Resolved **3+** production bugs monthly, reducing downtime and resolution time by **15%**

SOFTWARE PROJECTS

UniSponsor | *React, Node.js, Express, PostgreSQL, CSS, Heroku*

July 2024 – September 2024

- Enabled **1000+** personalized outreach emails with custom message logic and contact-level targeting
- Designed intuitive UI in **React** and **CSS** for managing templates, contacts, selective sending, and mass outreach
- Developed backend with **Node.js**, **Express**, and **PostgreSQL** to support auth, data storage, and email automation

LEADERSHIP EXPERIENCE

Vice President of External Affairs

May 2025 – May 2026

Society of Hispanic Professional Engineers (SHPE) USF

Tampa, FL

- Led **15** team members by driving outreach strategy to achieve **43% YoY growth** in sponsorship revenue
- Secured **\$13.3K** in funding and led **35+** company meetings through targeted outreach and follow-up
- Managed relationships with **13** companies to host **15** events, giving **1,200+** students direct industry connections

Network Relations Director

June 2024 – May 2025

Society of Hispanic Professional Engineers (SHPE) USF

Tampa, FL

- Enhanced industry partnerships by leveraging a network of **1,000+** to generate **300+** leads and **5** partnerships
- Executed outreach with a 10-person team, sending **80+** weekly emails and helping secure **\$10,000** in sponsorships
- Coordinated events with NASA, Goldman Sachs, and Amazon, and supported office tours with Jabil and Citi
